HOW TO USE

Use this morpheme matrix to help your students practice forming and spelling words with the base element FECT.

Begin by teaching the base element. Here is a possible script for teaching the base element FECT.

1. (Write “fect” on the board.)
2. Our new base element is “fect.” The base element FECT comes from a Latin word meaning *make* or *do*.
3. (Write “perfect” on the board.)
4. Watch me scoop the morphemes as I read this word.
5. (Scoop your hand under the parts as you read the word aloud.)
6. The word is PERFECT. It means *something that is so well done that it can't be made any better*.
7. (Post the following words on the board for all to read in unison as you scoop your hand under each morpheme.)
 - infection
 - ineffective
 - imperfect
 - affection
 - affectionate

Make sure all children can see the morpheme matrix or have their own copy. Show them how to use the matrix to build words with the base element FECT.

Students can work alone or in partners to find and record as many words as they can.
